DETAILED ACTION

Response to Remarks

1. This action is in response to the communication filed on 6/13/07.
2. Claims 1-19, 21, 23-25 were withdrawn in a previous response.
3. Claims 1-19, 21, 22-25 are canceled in this action (see examiner's amendment below).
4. Claims 20, 22 and 26 are pending in this action.
5. In response to the affidavit/declaration submitted by applicant on 6/13/07, the reference (US 2001/0056473 A1) issued to Arneson et al. has been withdrawn from further consideration.
6. Claims 20, 22 and 26 are allowed.

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Australia on 3/28/02. It is noted, however, that applicant has not filed a certified copy of the original application as required by 35 U.S.C. 119(b).

Drawings

The drawings are objected to because Fig. 7, is not included in the "**Detailed Description**". Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

Allowable Subject Matter

Claims 20, 22 and 26 are allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 20, 22 and 26: the claims are directed to content/information request by a user of a network via a remote device associated with said user. The prior art of record does not teach or fairly suggest the techniques recited in claims 20, 22 and 26, for remotely requesting and delivering/acquiring information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
